

Job Title: Playground CAD Designer**Company:** Midwest Playscapes, Inc.**Location:** Prior Lake, MN**Salary:** +\$60,000 per year**Job Type:** Full-time, Flexible Hours

About Us: Midwest Playscapes, Inc. is a leading commercial playground design and build company dedicated to creating innovative and engaging play spaces for children of all ages. We specialize in designing and constructing custom playgrounds that inspire creativity, promote physical activity, and foster social interaction.

Job Description: We are seeking a talented and experienced CAD Designer to join our team. As a Playground CAD Designer, you will play a key role in the conceptualization, design, and development of our playground projects. The ideal candidate will have a passion for creating dynamic and functional play environments and possess strong proficiency in CAD software, particularly Sketchup and Lumion.

Responsibilities:

- Collaborate with project managers, architects, and clients to understand project requirements and design objectives.
- Develop detailed CAD drawings and 3D models of playground structures, incorporating elements such as slides, swings, climbing walls, and interactive features.
- Generate renderings and visualizations using Sketchup, Lumion, and other design software to communicate design concepts to clients and stakeholders.
- Conduct site visits and surveys to assess terrain, environmental factors, and space constraints.
- Participate in design reviews and provide input to enhance design aesthetics, safety, and functionality.
- Stay updated on industry trends, emerging technologies, and best practices in playground design and construction.

Requirements:

- Bachelor's degree in Landscape Architecture, Engineering, Industrial Design, or related field.
- Minimum of 2 years of experience in CAD design, preferably in the playground or recreational equipment industry, but not required.
- Proficiency in CAD software such as AutoCAD, Sketchup, and Lumion.
- Excellent communication and collaboration skills.
- Ability to work independently and manage multiple projects simultaneously.
- Creative problem-solving abilities and attention to detail.

Benefits:

- Competitive salary starting at \$60,000 per year, increases with qualifications.
- Flexible work hours to accommodate work-life balance.
- Opportunities for professional development and career advancement.
- Health insurance benefits and retirement plans.
- Dynamic and collaborative work environment with a passionate team.

How to Apply: If you are a creative and motivated CAD Designer with a passion for designing innovative playgrounds, we want to hear from you! Please submit your resume, portfolio showcasing your CAD design projects, and a cover letter detailing your relevant experience and why you are interested in joining Midwest Playscapes, Inc. We look forward to reviewing your application!
